IDEMIA BIOMETRIC SMART CARD READER 1350 V3

Key Characteristics:

- Compact USB device
- Enrollment, authentication and identification: 3 in 1 sensor
- Match-on-Device and Match-on-Card
- Robustness and performance (The best optical technology and algorithms by Morpho)
- Fingerprint Technology certified as N°1 by NIST (National Institute of Standards and Technology)
- Reliable, ergonomic and intuitive
- Certifications: FIPS 201 et MINEX, FBI PIV IQS

Technical Characteristics:

- Dimension: 82 x 71 x 41 mm
- Weight: 140g
- Card reader
- User's database: 500 extensible to 5000 or 10 000
- Template's database: 1000 extensible to 10 000 or 20 000
- Function Match-on-Device (1: N): 1:500 à 1:10 000
- Recognition Speed: 0.6s on mode 1:1 e 0.8s on mode 1:500
- Capacity to associate with card
- Certified FBI PIV IQS / ISO 19794-4: 2011 for the E3 version
- Algorithms in conformity with MINEX & FIPS 201
- Certified STQC
- Certified CE, CB, FCC, UL
- Certified RoHS, REACH, WEEE
- Certified WHQL drivers
